Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

 I am	Describe customer with 3-4 key characteristics – who are they?	Describe the customer and their attributes here
 I'm trying to	List their outcome or "job" – the care about – what are they trying to achieve?	List the thing they are trying to achieve here
 but	Describe what problems or barriers stand in the way – what bothers them most?	Describe the problems or barriers that get in the way here
 because	Enter the "root cause" of why the problem or barrier exists – what needs to be solved?	Describe the reason the problems or barriers exist
 which makes me feel	Describe the emotions from the customer's point of view – how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

Example (for reference):

I am  a traveler	I'm trying to  book flights on my phone	but  it takes a long time	because  the website is not responsive and doesn't have a mobile version	which makes me feel  frustrated
--	---	---	---	---

Problem Statement (PS)	I am (Customer)	I'm trying to	but	because	which makes me feel
PS-1	a college student and new investor	invest and trade in US stocks using a paper trading app	it is difficult to track real-time prices and manage my portfolio effectively	existing apps are complex, have irrelevant features, or are not beginner friendly	confused and unsure about my investments
PS-2	an active user	buy and sell stocks quickly and monitor my portfolio performance	the process is time-consuming and information is not easily accessible	stock data is not real-time and transaction updates are delayed	frustrated and worried about missing good opportunities
