

Project Design Phase-II

Data Flow Diagram & User Stories

Date	19 July 2026
Team ID	
Project Name	SB Stocks (Stock Trading App)
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored. is stored.

Example: (Simplified)

1. User interacts with the web application.
2. Frontend sends requests to backend APIs.
3. Backend processes requests, fetches stock data from external API and interacts with MongoDB.
4. Data is stored/retrieved and response is sent back to the user.

Example: DFD Level 0 (Industry Standard)

User Stories

Use the below template to list all the user stories for the product.

User Type	Functional Requirement (ReqId)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Mobile user)	Registration	USN-1	As a user, I can register for the application by entering my email, password, and confirming my password.	I can access my account / dashboard	High	Sprint-1
		USN-2	As a user, I will receive confirmation email once I have registered for the application.	I can receive confirmation email & click confirm	High	Sprint-1
		USN-3	As a user, I can register for the application through Facebook.	I can register & access the dashboard with Facebook Login	Low	Sprint-2
		USN-4	As a user, I can register for the application through Gmail.	I can register & access the dashboard with Gmail Login	Medium	Sprint-1
	Login	USN-5	As a user, I can log into the application by entering email & password.	I can log in and access the dashboard	High	Sprint-1
	Dashboard	USN-6	As a user, I can view my wallet balance, total portfolio value and performance summary.	I can view dashboard information successfully	High	Sprint-1
Customer (Web user)		USN-7	As a user, I can browse stocks and view their details.	I can see stock list and details	Medium	Sprint-1
Customer Care Executive		USN-8	As an executive, I can view user queries and respond.	I can view and respond to user queries	Medium	Sprint-2
Administrator		USN-9	As an admin, I can manage users and monitor system.	I can manage users and view reports	High	Sprint-2
